**DETAILED ACTION**

*Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I.     Claims 1-19, 21, drawn to Compounds and simple compositions and use, classified in class 544, subclass 284, 293.
- II.    Claim 20, drawn to Use of complex compositions, classified in class 514, subclass various.

The inventions are distinct, each from the other because of the following reasons:

Simple compositions and those with an additional active ingredient are patentably distinct because the combination (complex composition) can be patentable even if the subcombinations (the individual compounds) are not. This is because of the possibility of synergistic interaction, which is usually the purpose of the complex composition in the first place.

In the event that Group II is elected, tentative election of a single specific additional active ingredient is required.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to Paul Ginsberg and Adrian Looney on 9/4/02 and 9/6/02 respectively to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark L. Berch whose telephone number is 703-308-4718. The examiner can normally be reached on M-F 7:15 - 3:45.
